

Parachute report

Throw each parachute from the same height

If possible record the time it takes to reach the ground

Explain

Why ?---You did this.(Hand out the letter)

What?---- Materials you used

What happened-

First we –

This happened?---

Then we---

This happened—

Finally we---and what happened was---

We believe this shows-

This is important for Ahmed because----

To design a new experiment that would give Ahmed more precise information about the number of eggs he could safely send

we would

firstly/secondly/ etc

then—.

We think this would-
