

Science

- What do plants need to grow?
- What do plants provide for us?
- How can I carry out a fair test?
- What conditions affect plant growth?
- Why is it important to check my results when collecting evidence?
- What plants grow well in Turkey and not here? Why?

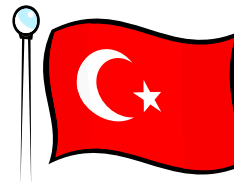

Geography/History

- Where is Turkey in relation to other countries?
- How can maps show us the physical landscape of Turkey?
- How can I investigate the climate in Turkey?
- What similarities and differences does Turkey have with Britain?
- Is Turkey an Eastern or Western country?
- What can I find out about the history of Turkey?
- How can I find out about Turkish culture and traditions?

English:

- What can I learn from the Turkish Storyteller?
 - What themes occur in traditional Turkish tales?
 - How can I follow Hodja's character through a story?
 - What moral messages can be found in the Hodja or Nazreddin stories from Turkey?
 - What rhythmical patterns occur in poetry?
 - How can I follow and write instructions for Turkish recipes?
 - How can I begin sentences in a variety of interesting ways?
 - Which connectives can I use to join my sentences?
- THERE WILL BE FORTNIGHTLY HOMEWORK**

Year 3
GEOGRAPHY FOCUS - TURKEY and MAPPING

1. What information can we get from maps?
2. How does Turkish life and culture compare to ours?
3. What can we learn about ourselves through study of another culture, and through mapping?
4. How can we represent information on a map?
5. Where do patterns exist?

P.E:

- What are the features of Turkish Folk Dance?
- How can I tell a story through dance?
- Which dance movements can I use to express myself?
- What rhythmical patterns can I use in a dance routine set to Turkish Folk Music?

ICT

- How can I use a publishing programme to create a brochure for Turkish?
- How can I incorporate my own pictures from a scanner in to my work?

Maths

- How can I use my mental calculations to solve everyday problems?
- What are the different ways I can write my calculations?
- How can I use addition to help me subtract and to check my answers?
- Where can I find 2D and 3D shapes around me?
- How can I experiment with lines of symmetry in Turkish tiles?
- Which calculations shall I use to solve word problems?
- How can I collect data and present it to inform others?

THERE WILL BE FORTNIGHTLY HOMEWORK

RE

- How do Turkish Muslims celebrate their faith?
- How do Muslims learn about their religion?
- What patterns occur in Muslim life?
- How do Muslims try to remember Allah throughout their day?
- Why do Muslims fast during Ramadan?
- What can we learn from a visit to a Turkish Mosque?

Art

- What is special about Islamic Art?
- What can I find out about Turkish Tiles?
- How can I create different types of pattern?
- Which techniques are effective for creating patterns? (Link to symmetry-maths)
- How can I reproduce patterns on different patterns?

Music

- What instruments are used in Turkish Folk Music?
- What rhythmical patterns can I hear all around me?
- What rhythmic patterns can I find in Turkish music?
- How can I make a rhythmical pattern?
- What effect is created when I play a different rhythm at the same time as others?
