

# GRANDMA RAP

Grandma grandma sick in bed,  
Called for the doctor and the doctor said  
Grandma, grandma you ain't sick.  
All you need is a walking stick

And an up shake shake shake shakedy shake  
And a down shake shake shake shakedy shake  
And an up shake shake shake shakedy shake  
And a down shake shake shake shakedy shake

To the back to the front to the s s side  
To the back to the front to the s s side

She never went to college  
She never went to school  
But I bet your bottom dollar  
She can wiggle like a fool!
